Use Optum Financial for Transit, Vanpool, or Parking

1. To order a transportation product using your Pre-Tax Benefit and Transit Match Incentive, click on “Place an Order”:

Please note that all orders must be placed by the 10th of each month for use in the following month. The “Benefit Month” and due date for ordering products for that month are indicated in the center of your Transportation Benefits Dashboard.

For transit passes and funds, you will need a valid Clipper Card. Loading Clipper Cards is the easiest and most efficient way to use your Pre-Tax Transportation Benefit. Most transit services use the Clipper Card for electronic ticketing. The Clipper Card is accepted on SMART, MUNI, BART, AC Transit, Caltrain, Golden Gate Transit and Ferry, FAST, Vine, Sonoma County Transit, SolTrans, VTA and San Francisco Bay Ferry. You are able to purchase transit passes for the service of your choice through your online Optum Financial account. Passes will be loaded directly onto your Clipper Card. You must already have a Clipper Card in order to so do.
2. **Select** your Commute Mode: Train, Bus, Vanpool, Ferry or Parking:

    For example, if you submitted your order by the 10th of the month, your order will be processed or delivered by 23rd. You will be able to use your product starting 1st day of the following month.

    **Please note** that your Pre-Tax Benefit only allows you to use a maximum of the current IRS mandated limit on pre-tax contributions towards transit. Any amount exceeding the IRS limit is subject to tax.
**Pay for Vanpools**

A vanpool is typically a group of 5-15 people who regularly travel together to work 30 miles or more (roundtrip) using a van. Typically, riders pay a regular fare and maintenance fee. MTC and the County have partnered with Enterprise Rideshare National to offer vanpools to County employees.

To use your Pre-Tax Benefit towards a vanpool:

1. Work with Enterprise Rideshare National to set up your vanpool. Once the vanpool is set up, you will be given a Participant ID and Vanpool ID which will be used to apply your Pre-Tax funds to your vanpool in Optum Financial.

2. Click on the Vanpool icon on the Place an Order page.

4. Enter your Participant and Vanpool IDs and the amount you would like to pay towards the vanpool (determined when you set up the vanpool).

5. Click Next

6. Confirm your order and then click “Proceed to Checkout”

7. Remember, the County contributes a Vanpool Match Incentive (subsidy), a dollar for dollar match up to $40, to those using their Pre-Tax Transportation Benefit! The
incentive will be automatically applied to your order at checkout.

Pay for Parking
In addition to the Internal Revenue Service mandated limit on Pre-Tax Benefit for transit, you can use an additional pre-tax amount for work-related parking. Parking funds from the Pre-Tax Benefit are restricted to business entities that indicate their core business function is to “provide parking”. Please note: The County Transit Match does not apply towards the Pre-Tax Benefit for Parking.

To access Pre-Tax Benefits for parking, select the Parking icon on the “Place an Order” page, and follow the prompts on the screen that relate to your parking options.

If you need further assistance in selecting your transportation benefits, please contact the RideGreen administrator at ridegreen@marincounty.org.
